Profile

I am a dedicated and organized web developer with strong expertise in frontend technologies, including React, JavaScript, HTML5, and CSS3. With excellent interpersonal skills and a collaborative mindset, I am well-prepared to contribute to a team-oriented development environment.

Professional Experience

08/2023 – present
Mumbai, India

DEPT, Software Developer
Project Name - Solaire Boutique

- I excel at understanding client requirements and translating them into dynamic, responsive web applications that prioritize both user experience and performance.
- Integrating API calls to dynamically fetch and display data, ensuring a seamless user experience across devices.

Project Name - Vijay Sales

- I worked on the **Vijay Sales** project, leading a POC for **server-side rendering (SSR)** with **React.js** and **Adobe Commerce**, optimizing reusable components to enhance performance and SEO.
- Alongside frontend tasks, I contributed as a backend developer, creating custom configurations, extending Adobe Commerce functionality, and developing **REST endpoints** and **GraphQL APIs** for seamless frontend-backend communication.
- Visiting the client's site allowed me to refine the project based on real-time feedback, strengthening collaboration. This project gave me the chance to work across the full stack, applying both frontend and backend expertise.

10/2022 – 04/2023
Navi, Mumbai, India

Accenture, QA Engineer
Project Name - NYCERS

- In the NYCERS project, I worked as a Manual Tester, where I was responsible for creating detailed test cases to ensure the functionality and quality of the application on the Salesforce platform as well as other client websites. I collaborated closely with both onshore and offshore teams, along with developers, to understand the project requirements thoroughly and ensure effective testing.

Education

2019 – 2022
Mumbai, India

Bachelor of Science (Information Technology)
University of Mumbai, UPG College of Arts, Science, and Commerce
9.85 CGPA

2018 – 2019	**H.S.C (12th)**
